Dear Craig:

Enclosed is the Final Technical Report for Stanford University's contract, Contract No: N01-LM-3-3512, titled "ADVANCED NETWORK INFRASTRUCTURE FOR DISTRIBUTED LEARNING AND COLLABORATIVE RESEARCH (HAVnet)", for the period Sept. 2003 – Sept. 2007, one of the programs in the National Library of Medicine's Scalable Information Infrastructure program.

Parvati Dev (P.I.) , W. LeRoy Heinrichs (co-PI) and the SUMMIT team thank the National Library of Medicine for the opportunity to have participated in this immensely challenging and intellectually stimulating program, the Scalable Information Infrastructure. Its impact will be long felt at Stanford and around the world.

Best regards.

Parvati Dev, PhD  
Director, SUMMIT  
Information Resources and Technology  
Stanford University School of Medicine  
Stanford, CA 94305

Cc: Rico Batte, NLM Program Contract Manager  
Prudence Lee, Stanford University Research Program Manager
